

Archaeology Month Pointing to the Past

The Duxbury Free Library hosted the Massasoit Chapter's Archaeology Month "Pointing to the Past" Our Chapter would like to thank Carol Jankowski and David Murphy from the Duxbury Free Library for their assistance.

The night was presented in two parts, the first part, people from the community were asked to bring their arrowheads and artifacts to the meeting for the Massasoit Chapter Team to assist in identifying their objects. The second was a presentation from Shelia Lynch on the Patuxet Tribe. The Pointing to the Past Night was a great success, over seventy five people attended. There were more than thirty people, young and old that brought their artifacts for identification.

Pictures from Pointing to the Past Night All Age Groups were Represented
